BHUTAN INFOCOMM AND MEDIA AUTHORITY
ROYAL GOVERNMENT OF BHUTAN

BICMA-MCD/CATV/2020/4119

14th August, 2020

Public Notification

The Authority would like to inform the general public that in view of the importance of keeping citizens informed and digitally connected through cable television during these difficult times, the Authority along with the cable operators are trying our best to provide continued cable television services. However, under the current situation, the cable operators will not be able to attend to every complaint immediately as only two technicians are provided with movement cards. Therefore, the Authority would like to request the general public to be considerate and provide enough time for the cable operators to attend to your complaints.

All cable operators can be reached through their mobile number published on our website www.bicma.gov.bt as they are not allowed to work from their offices.
