BHUTAN INFOCOMM AND MEDIA AUTHORITY
ROYAL GOVERNMENT OF BHUTAN

BICMA-MCD/TELCOS/2021/4996

January 1, 2021

Directive on the Leased Line Connection

The Authority has approved tariff for leased line starting from 1 Mbps and therefore, you are required to provide any new connection regardless of bandwidth. However, it was observed that the new leased line connection is not provided if the requested bandwidth is less than 3 Mbps. Denial of leased line connection based on the customer's bandwidth requirement is in violation of the Act and approved tariff.

Therefore, the Authority directs you to adhere to the approved and published leased line tariff. Failure to comply with this directive shall oblige the Authority in imposition of strict regulatory actions as per the ICM Act 2018.

(Jigme Wangdi)
DIRECTOR

To,

1. The Chief Executive Officer
Bhutan Telecom Ltd.
Thimphu.

2. The Managing Director
Tashi InfoComm Ltd
